5-DAY QUICK SHIP

Why wait for what you could have now?

A variety of solutions.

No up-charge.

Fast delivery times.

With a five business day lead time, the QS5 program offers a short turnaround time on various workplace offerings. Need to meet a fast deadline? Gain access to desking, seating, tables, storage, and productivity solutions through our easy-order online portal.

INVISA EDGE

INVISA offers a clean edge finish with high performance characteristics such as superior durability, enhanced water resistance, and a higher resistance to temperature fluctuations.

REFORCE

REFORCE is a premium construction method that is engineered to create a tough, durable case unit. A dado joint provides enhanced reinforcement, resulting in a higher force resilience.

SUSTAINABILITY

QS5 products consist of low VOC furniture that meet and exceed strict indoor air quality emission standards for interior spaces.

LIFETIME WARRANTY

QS5 products are backed by a limited lifetime commercial warranty that ensure quality and reliability. Visit us online at www.ofgo.com/warranty to learn more.

Achieve aesthetic harmony across an entire office environment.

The QS5 collection focuses on creating functional workplaces that achieve aesthetic harmony across an entire office environment. This is accomplished by offering configurations that support a variety of work styles, space division, and storage needs. In addition, modular components allow users to reconfigure workstations to embrace the frequent changes faced by growing organizations.

PRIVATE OFFICE

**An agile space for
concentrated work
and management
tasks.**

Create a space for the focused manager. A rich palette of laminate and steel creates a balanced and sophisticated look. Powder coated steel legs form a rectangular geometric base that offers a distinctive and airy style. Height adjustable tables address the need to move and allow users to change position frequently throughout the day with ease.

**Adapt, interact,
and join together
to share ideas
and collaborate.**

In the heart of every working environment is a place to gather, share ideas, and collaborate. From conference to classrooms, the QS5 mobile flip table is flexible and reconfigurable with the push of a paddle. The freedom to reconfigure as needs and preferences change creates a dynamic and fresh space.
